Peace & Quiet Noise & Laughter

What do you enjoy most about your internship with Werner Electric Supply?

Getting a real look into an outside sales role and getting to know the team. Everyone has given great advice and I appreciate having so many mentors to help guide any future decisions.

How did your education prepare you for your internship?

Prior to my internship I took a sales course which gave a broad outline of succeeding in a sales role. The course is what sparked my interest in sales and I have since noticed things from the classroom come up throughout the internship.

How will your internship prepare you for a future career?

My internship has prepared me to understand what people will expect from you and to always ask questions and make connections. But most importantly, it has taught me that you have to be passionate about what you do and that passion may come unexpectedly.

What recommendations do you have for other students about doing an internship?

Ask questions. Get to know the people you are working with. Don't judge an internship by the industry. Be yourself.

Factoids

Hobbies: Getting outside, working out, dancing, and cooking

If someone brought in donuts, which flavor would you grab?

Chocolate coconut

Do you have any pets? If so, what kind & what are their names?

Goldfish named Scar
