Peace & Quiet Noise & Laughter

## What do you enjoy most about your internship with Werner Electric Supply?

Everyone is very welcoming and willing to help. The tasks I do benefit the company and are not just busy work.

## How did your education prepare you for your internship?

The technical skills that I learned helped me to problem solve and be receptive to new systems I use in this position. I also strengthened my communication skills through my education which benefits me in my internship daily.

## How will your internship prepare you for a future career?

Having real world experience where I can use the knowledge and skills from my education and apply them to situations and tasks in a company is very beneficial. The knowledge from an education is great, but being able to apply those skills to real experience will help me prepare for what my future career will entail.

## What recommendations do you have for other students about doing an internship?

I would recommend that all students participate in any internship opportunities and learn as much as possible in the process. Having the experience will enhance their learning and prepare them for what their future career holds.
