

Rachel Hand

Job Title: Operations/Supply Chain Intern

Branch Location: Appleton

Years with Werner Electric Supply: 2

Education

College: UW-Eau Claire

Major: Operations and Supply Chain Management

Tidbits

What do you enjoy most about your internship with Werner Electric Supply?

I like that I get to work on projects that are important, meaningful and have an impact on the company.

How did your education prepare you for your internship?

At UW-Eau Claire almost all of the professors have worked for many years in their respective fields before teaching, so having them teach to real world situations instead of out of the textbook, has helped to prepare me for my internship.

How will your internship prepare you for a future career?

My internship has prepared me for my future career because I've been able to gain knowledge from my coworkers and projects I've worked on, that I wouldn't have been able to learn in the classroom.

What recommendations do you have for other students about doing an internship?

Internships are a great time to explore what you really want to do post-graduation, so don't be afraid to ask to get involved with other projects. It is better to figure out what you want to do while still in college instead of after graduation and an internship is a great way to do that!

Factoids

Hobbies: Waterskiing, rollerblading, and golfing

If someone brought in donuts, which flavor would you grab?

Plain cake donut, I'm not a huge fan of frosting

Do you have any pets? If so, what kind & what are their names?

Odie - Yellow Lab

What is your favorite thing to cook?

My favorite recipes are ones where I can throw everything into a crockpot and it is ready when I get home

What are 3 things that make you happy?

Sunflowers, warm banana nut muffins, and sunrises
