Sta-Kon® Terminal Kit

Promotion runs July 1 – December 31, 2019

**PROMOTIONAL
PRICE OF
\$185**

Experience the Sta-Kon® terminal advantage. The original Sta-Kon Terminal kit is an opportunity for you to get a broad sampling of one of the best terminal lines in the marketplace!

Benefits

- Long barrel design – 20 to 50% longer than competitors – eliminates missed crimps, increases conductivity, and insulator stays on barrel
- Vinyl-insulated terminals have a brazed seam – 2½ times stronger than butted seams, allowing you to crimp anywhere on the terminal
- Selective annealing – leaves barrel soft for crimping while tongue remains strong
- Chamfered barrel – eliminates wire hang up
- Deep internal serrations—larger contact area lowers resistance and increases pullout strength
- Easy identification – stud and wire sizes are marked on the terminal
- High-conductivity copper, plated for corrosion resistance
