INVENTORY MANAGEMENT SOLUTIONS

Why Werner Electric VMI?

We have more than 25 years of
managing our customers' inventory!

- Increase Productivity
- Reduce P.O. Cost
- Reduce Manual Labor
- Improve Inventory Accuracy
- Reduce Downtime
- Reduce Inventory
- Our VMI Experts will make it EASY for you!

Select the Werner Electric Supply VMI system that best suits your needs.

VMI Assisted

You maintain control. We assist.

Werner Electric Supply understands that some of our customers need to maintain control of what gets replenished and ordered. We offer this program to make the ordering process as streamlined and accurate as possible.

Benefits of this program:

- You maintain control of which products are ordered and how often.
- Werner Electric assists with organizing and labeling your products.
- All orders are placed easily and electronically.
- Reduce the amount of time your staff takes in the ordering process.
- Place orders as often as you need.
- Orders delivered next day in most cases.
- Usage reports available at the touch of a button.

VMI Pro

We take care of it all.

- We organize your inventory.
- We order your inventory.
- We deliver and put away your inventory.
- We monitor your inventory.
- We generate usage reports.
- We make suggestions based on your usage history.

Benefits of this program:

- Improve Inventory Accuracy
- Reduce Downtime
- Reduce Stock-outs
- Increase Productivity
- Reduce P.O. Cost
- Reduce Inventory

Werner Electric does not believe in the practice of **OVERSTOCKING**, as may occur in some VMI programs. We take pride in our relationship with our customers and vow to never overstock our VMI customers' inventory!

Tools for Successful Inventory Management

Vending Machines

Werner Electric provides innovative vending solutions to help you overcome your inventory challenges. Vending machines provide secure, convenient access to high-value, fast-moving, and critical supplies. We will set you up with the right system for your facility. And you can rest assured that they will provide the service and expertise you have come to expect from Werner Electric.

- Improve Accountability
- Improve Access
- Reduce Loss
- Cut Overuse
- Save Money!

Suggested Items:

- Safety Glasses
- Hearing Protection
- Gloves
- Batteries
- Tape
- Drill Bits
- Cable Ties
- Flashlights
- And More!

Job Trailers

This safe and convenient storage method keeps your job materials under lock and key. You will always know where your products are, precisely when you need them.

Your trailer will be delivered to your job site, complete with your initial order. A Werner Electric Inventory Specialist can also completely manage the inventory in the trailer if you would like. Once your inventory is checked in you will be given a key so you can access your product at any time.

- Central storage of materials
- Protection from elements
- Secure storage of your materials on the job site
- Materials where you need them, when you need them
- A Werner Electric inventory specialist can manage your inventory levels
- On-site storage trailer with shelving
- Electrical and communication hookups
- Planning table

Job Boxes

Moving materials from room to room has never been easier using a Werner Electric Job Box. Instead of keeping the materials in a central location you can take these rolling storage boxes with you. And our VMI team will make sure that you are fully stocked and ready to go!

Programs designed to help you manage your inventory in the most efficient and cost-saving ways since 1986.

YOUR Werner Electric VMI Team

Our Inventory Management team is committed to helping you control your spare parts inventory, saving you time and money.

- Years of experience working with companies like yours.
- We focus on solving problems and making your job easier.
- Access to the best tools to keep your inventory organized.
- We recognize the need for communication! We stay in touch and encourage you to contact us with any questions.

Getting Started

- We will visit your location to assess your storeroom.
- Evaluate and identify areas where you can gain efficiency and save money.
- Provide estimates and documentation of cost saving potential.
- Propose recommendations for improvements.
- Work with you to set up and organize your inventory area.

CALL US TODAY!
We look forward to getting started!
