

WERNER
ELECTRIC SUPPLY

MECHANICAL SOLUTIONS

POWER TRANSMISSION • MECHANICAL PRODUCTS • ELECTRIC MOTORS

**BUSHINGS • CHAIN • COUPLINGS • GEAR REDUCERS • MECHANICAL PUMP SEALS
MOTOR ACCESSORIES • MOUNTED BEARINGS • SHEAVES • SPROCKETS • BELTS**

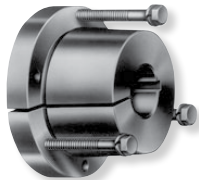

MECHANICAL SOLUTIONS

The Expertise to Support Your Power Transmission Needs

Werner Electric Supply has provided expert service and quality products to manufacturers since 1948. We have built long-standing relationships with customers like you, and with leading vendor partners. And we have invested in the expertise to make sure our customers are well-served. Our Power Transmission team has over 75 years of industry experience. Add that to our corporate history of helping our customers achieve their goals, and you have a partner you can rely on to meet your Power Transmission needs.

Industries Served

- Aggregate
- Agriculture
- Automotive
- BioFuels
- Construction
- Food and Beverage
- Forestry
- Healthcare
- Manufacturing
- Material Handling
- Metals
- Mining
- Pulp & Paper
- Rubber & Plastic
- Transportation & Warehousing
- Utilities
- Wastewater

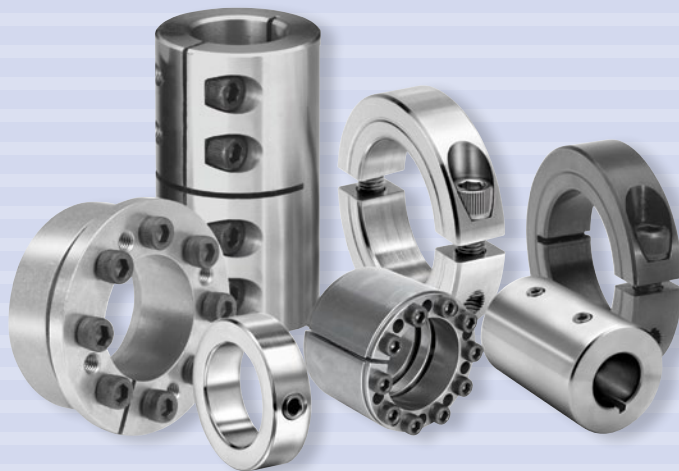

Why Werner Electric Supply?

Werner Electric Supply can get you what you need — the mechanical products that best support your goals. We owe this to our relationships in the marketplace. We have built long-term relationships with industry leaders who constantly break new ground and develop products designed to make your company more profitable.

Our customers enjoy access to a strong, diversified product line that reflects their needs. The mutual trust and support we enjoy with our suppliers directly benefits our customers. It gives us unparalleled access to the latest products, and to the specialists who know them inside and out. Relationships with key personnel at our vendor organizations play a vital role in keeping us on the leading edge of technology.

Our Partnerships Help us Provide:

- Extensive product selection
- Access to the latest innovations
- Access to suppliers' product specialists
- Competitive pricing
- Quick delivery time

With over 75 years of Power Transmission experience, we are here to solve your mechanical/electrical problems. If you are regularly replacing motors, bearings, and reducers, you may have issues that need to be addressed. Allow a Werner Electric mechanical/electrical specialist to help you.

We can supply your every need — from the power pole to your final product!

PRODUCTS

AC Electric Motors

1-Phase & 3-Phase
Low Voltage
Medium Voltage

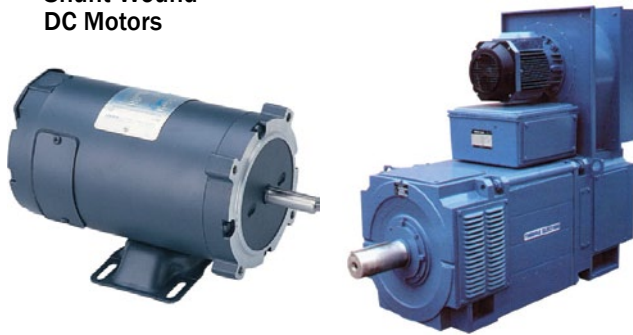

Chain

Precision Roller
Engineering Class
Agricultural
Wastewater

DC Electric Motors

Permanent Magnet Motors
Shunt Wound
DC Motors

Couplings

Flexible
Rigid
Gear
Servo

Bushings

QD
Taper Lock
Split Taper
Weld-On

Gear Reducers

Single & Double Reduction
Right Angle Worm
Helical In-line
Helical Bevel
Shaft Mount
Open Gearing
Gear Rack

Mechanical Pump Seals & Shaft Seals

Sheaves

Single Groove & Multi Groove
Fixed Pitch
Single and Two-Groove
Variable Pitch

Motor Accessories

Adjustable Motor Bases and Rails
Shaft Grounding Rings
Generator and Motor Protection

Sprockets

Precision Roller Sprockets
Engineered Class Sprockets

Mounted Bearings

Pillow Block
Flange (2-bolt & 4-bolt)
Cartridge
Hanger, Take-up Units
Ball Bearing Inserts

V-Belts and Timing Belts

Industrial
Fractional
Synchronous

Table-Top Chain

Straight Running
Side Flexing
Available in Steel,
Stainless Steel and Plastic
(grey - acetal, tan - low friction)

Material Handling

Troughing Idlers
Head & Tail Conveyor Pulleys

Featured PRODUCTS

Electric Motors

U.S. Motors

Three Phase - Hostile Duty

Three Phase - Corro Duty

Three Phase - IEEE 841

Adjustable Frequency Drive Motors

Vertical Shaft Pump Motors

Leeson Electric

AC Single and Three Phase General Purpose

Agricultural Motors

WashGuard Motors - White Epoxy & Stainless Steel in Single & Three Phase

DC Permanent Magnet

Gear Reducers

GROVE GEAR

Grove Gear

Right Angle Cast Iron Worm Gear Reducers - single, double, triple reduction
Ratios from 5:1 - 216,000:1

Right Angle Aluminum and Stainless Steel Worm Gear Reducers

Right Angle High Efficiency Gear Reducers - This reducer utilizes helical-bevel technology to provide 90% efficiency with the same dimensional footprint as standard worm gear reducers.

DRIVESYSTEMS

Nord Gear

Helical In-Line • Shaft Mount • Right Single Helical-Bevel • Right Angle Helical-Worm

Cleveland Gear

Shaft Mount & Right Angle Gear Reducers

V-Belts and Timing Belts

Carlisle

Heavy Duty Industrial V-Belts • Synchronous Belts
Light Duty FHP Belts • V-Ribbed Belts • Banded V-belts

MBL

Metric V-Belts • Conventional V-Belts • FHP V-Belts
Synchronous Belts • V-Ribbed Belts

**CONTACT YOUR WERNER ELECTRIC
MECHANICAL SOLUTIONS EXPERT FOR:**

- MOTORS
- BUSHINGS
- CHAIN
- COUPLINGS
- GEAR REDUCERS
- MECHANICAL PUMP SEALS
- MOTOR ACCESSORIES
- MOUNTED BEARINGS
 - SHEAVES
 - SPROCKETS
 - BELTS
